

Have you ever felt you've just been hit by a bus?

You are invited to join us to hear Pastor and Author Fred Davis, and his wife Judy, present their personal story of tragedy and God's peace through their life's storms. They will also share their experiences and passion for Mission Ministries in Zambia, Africa and Haiti. They will talk about how First World Countries can help with the needs of Third World Countries, such as: poverty, hunger, education, safe drinking water and basic hygiene (i.e. Days for Girls).
